

# The Malthouse: Exclusively Yours

The Malthouse and cottage style gardens for a completely exclusive wedding

# The Malthouse: Exclusively Yours

**The Malthouse and cottage style gardens for a completely exclusive wedding**

Next door to the main Inn is the Malthouse, a Victorian building with hints of the arts and crafts style; with 5 gathering rooms, 14 bedrooms and its own private walled garden it is perfect for an exclusive hire wedding.

The Malthouse has 5 individually designed public spaces on the ground floor. Three of the rooms open out onto the sunny walled garden while the Oak Room, with original oak panelling and the Library Room, with an original 18th Century hand painted wall and cocktail cabinet are more enclosed and intimate. The music room at the front has a grand piano in the window and the dining room has its own private bar.

The flexibility in rooms is perfect for big sit down dinners with areas to spill into, rooms for dancing and live music and wedding parties. The Malthouse also has 14 bedrooms spread across three floors (5 of which are suites with roll top baths in the bedrooms and enormous great beds), all with exposed oak furniture and bright red Roberts radios!

The exclusive package includes hire with full use of all the gathering spaces, garden and 14 bedrooms ready for double occupancy. A dedicated team of service staff are on-hand to serve breakfast, dinner and lunch through the big day.
