### A break at the Olde Bell

Dating back to 1135, the Olde Bell in Berkshire sure does live up to its name. Its more recent history is steeped in glamour and intrigue: it was frequented by Liz Taylor and Richard Burton, and it was where Winston Churchill held key talks during the Second World War with Eisenhower and Roosevelt. The current interior has been beautifully designed by Ilse Crawford and the restaurant knows how to put a delicious plate of food together. The best bit? We're offering a lucky reader one night's stay for two, including a bottle of champagne on arrival, dinner in the restaurant and breakfast the next morning.
